For those seeking commission work

We would like to establish a list of carvers who would like to do commission projects. These requests usually come from our website. There are probably about 10 per year, but this could increase as the word gets around that our members are willing to do these projects.

If you are interested in doing commissions, please indicate your willingness to do this and what type of carvings you would like to do for hire, to our webmaster, JD Hughes, at MNCarvers@MinnesotaWoodCarvers.com. The webmaster will need an e-mail address where you can be notified when a request comes from cyberspace. You would then get in contact with the requester to work out all the details. We would like the webmaster to be kept informed of any action you have taken, so he can keep track of the request. If our members do not take any action within 10 days, the request will be put out to the public on our website.
